PROFESSIONAL SUMMARY

I am an undergraduate student studying at the University of Gloucestershire. I have taken on many managerial/leadership roles during my studies. In my first year I was project manager for a small team who competed in the Renesas MCU car rally in Nuremberg, Germany. Along with developing leadership skills, I am becoming an effective and competent game/application programmer. I am looking for a work opportunity which will allow me to utilize my skills whilst gaining new ones to advance my portfolio.

💼 EMPLOYMENT HISTORY

Camp Counselor/Day Camp Counselor/Lifeguard at Camp Jorn YMCA, Manitowish Waters, Wisconsin, USA
June 2017 – August 2017

During my time at camp I worked closely with the children attending the day camp program helping to provide them with the best experience in a safe environment. My tasks included lifeguarding and planning activities for the children's personal development which included encouraging the inclusion of the differently abled children into the groups. The experience helped me to developed my interpersonal and leadership skills.

McDonalds team member at Road Chef services (McDonalds), Monmouthshire, Wales
December 2015 – March 2016

My role was mainly grill duty but also included on floor service and cleaning. The Job required many skills including teamwork, time management and efficient resource allocating skills.

Teaching assistant as a Maths tutor at Newport city council, Wales
September 2014 – June 2015

My role in this job was to help tutor year 10 students in Maths for an hour every week after school. I had to conduct exercises and teach them learning techniques and topics. To do this job required great communication skills and a good understanding of the GCSE Math's curriculum.

🎓 EDUCATION

University of Gloucestershire, Cheltenham
September 2016 – Present

Degree: Computer game programming

I am currently studying Computer game programming which covers many areas of computing including Programming, Mathematics, 3D modeling, Unity work, Photoshop and assembling machines. My mature attitude and diligence has set me on course to achieving a first in my degree.
